LIFT RAMP SURFACING

CHAIRLIFT ORANGE mSNOW™ 2026 - \$9.50/sf

- Engineered specifically for use on wintertime chairlift load/unload ramps
- Highly-durable, impact-resistant plastic lasts for many years (molded from a blend of recycled plastics)
- UV-inhibitors for maximum sunlight resistance
- Extremely low cold-cracking temperature
- 100% Recyclable and Made in Michigan, USA

COMMERCIAL WHITE mSNOW™ 2026 - \$9.50/sf

- Guaranteed pure white in color
- All the same material qualities of the Chairlift Orange, but with extra additives for low coefficient of friction, maximum UV protection, and extremely low cold-cracking temperature
- Custom color matching is available
- 100% Recyclable and Made in Michigan, USA

Each tile is approximately 7" x 10.25" x 1" installed height (2 tiles per square foot).

To ensure slippery ramp conditions for skiers, always fill the bristles with snow and feather a small amount of real snow atop the mSnow surface!
